

About the Children's Burn Foundation

- Background:** The Children's Burn Foundation has served children in Southern California, the United States and internationally for more than two decades to provide state-of-the-art reconstructive burn treatment as well as social services. The Foundation provides pioneering fire safety and burn prevention education programs for children, parents and other caregivers. The Foundation's highly acclaimed prevention programs have taught more than a quarter of a million Angelinos and their families how to prevent burns.
- Founded:** 1985, restructured in 1995
